

Revision Session Planner

A simple structure that balances recall, practice, correction and next steps.

A 45-60 minute revision structure

Stage	Time	What to do
Recall	5-10 min	Close notes. Write what you remember about one focused topic.
Practice	25-35 min	Complete questions without checking the worked answer first.
Correct	10 min	Mark the attempt. Identify the exact misunderstanding or error.
Next action	5 min	Write the smallest useful next step for this topic.

Session planning prompts

Topic for this session: _____

What I can already do: _____

The question type I will practise: _____

The mistake I need to avoid: _____

My next revision action: _____
